For renewable energy projects, the 100kwh outdoor energy cabinet integrates effortlessly with inverters and grid-tie systems, maximizing the utilization of intermittent sources like solar panels.

With a strong commitment to innovation, sustainability, and quality, we empower homes, businesses, and communities worldwide to harness the full potential of solar energy.

The HighJoule 100KWh Outdoor Cabinet Series (HJ-G20-100F/HJ-G50-100F; HJB-G20-100F/HJB-G50-100F), equipped with LFP/SSB 3.2V/280Ah batteries, offers 98.4% efficiency and >8000 charge ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

It offers a quick power response and supports multiple operation modes, including virtual power plants, grid-connected, and off-grid modes. The system is designed with standardized interfaces, allowing ...

Patented outdoor cabinet protection design, optimized heat dissipation air duct, protection against sand, dust and rain; The front and rear sides are open for maintenance, which is convenient for the layout ...

This C& I solar-plus-storage solution uses 5 sets of outdoor BESS cabinets, integrates PV with storage battery. By maximizing solar self-consumption with commercial solar-plus-storage to reduce grid ...

Designed for outdoor environments, it has a high protection level (IP55), is dustproof and waterproof, and has strong weather resistance. It can adapt to various harsh climatic conditions and ensure ...

Our product can obtain local load power in real time, the photovoltaic power is self-use first, and the left power is stored; When the power generated by photovoltaic power generation is insufficient to ...

100kWh Off-Grid Solar Outdoor Cabinet for Community Use

The KOMODO by BatteryEVO is a premium, high-capacity energy storage system designed for full-home backup, off-grid living, and solar integration. Engineered ...
