Compatible with solar PV, diesel generators, and grid power, it provides stable energy for microgrids, remote areas, manufacturing facilities, farms, and EV charging stations.

Combine your Alpha Enclosure with Alpha power and you have an optionally integrated, reliable and efficient power plant.

Browse our products and documents for EcoStruxure(TM) Microgrid Flex - Configured-to-order microgrid control system.

The indoor and outdoor cabinet systems enable smooth operation and their modular designs provide operational flexibility. They feature power ...

Highjoule"s Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and ...

The Neptune series standalone cabinet enables system power capacity expansion through simple multi-unit parallel connection, with power coverage from 1MW to 2MW, delivering full ...

Battery Energy Storage System (BESS): Pre-designed 1MW/1MWh solution allows the site to operate for one (1) hour on off-grid mode while keeping necessary and critical loads powered up.

We review theoretical approaches and practical implementations that consider the effects of the communications network on the general performance of the MG.

The modular CAB 1000 offers scalable, high-performance power conversion, tailored for your power-conversion needs. Its simplified installation and ...
