Start with expert collaboration. Our team has been delivering successful onsite energy solutions for over 65 years. Let's work together to build a BESS that meets your unique needs.

Tesla announced its new integrated 20MWh battery energy storage system (BESS) solution, the Tesla Megablock, on 8 September in ...

In the field of large-scale energy storage, the company joined hands with Trina Solar to set up a joint venture to plan the capacity layout of super-10GWh, and signed a ...

Energy Vault made a deal to deploy its new multi-story, high energy density B-Nest battery energy storage systems (BESS) ...

The Marine Battery Business leverages in-house developed energy storage battery technology for marine applications, providing deep empowerment ...

We are thrilled to announce we reached a milestone with customer interest for 20 GigaWatt hours (GWh) of energy storage, the ...

After completion, the project will become a modern large-scale benchmark sugar factory in the Middle East, effectively enhancing Saudi Arabia's local sugar processing and supply ...

Global industrial energy storage is projected to grow 2.6 times in the coming decades, from just over 60 GWh to 167 GWh in 2030 ("Energy Storage Grand Challenge: Energy Storage Market ...

The project will be constructed in two phases, with the first phase investing Yuan 3 billion to install lithium battery cells and modules BMS, PACK, Container and other production lines; The ...

20gwh large-scale industrial energy storage project

DOE's Energy Storage Grand Challenge supports detailed cost and performance analysis for a variety of energy storage technologies to ...
