Modular design with up to 2MW in 200kWh increments. Discover the SRC-2000, an advanced battery storage solution with up to 2000 kWh. Ideal for energy ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce ...

The battery energy storage system container has a long cycle life of over 6000 to 8000 times, with large capacity lithium-ion phosphate battery cells in battery packs, connections in clusters, and the whole ...

Equipped with rack-mounted modular PCS, which supports multi-machine parallel connection and has good scalability; the number of PCS modules and total battery power can be selected according to ...

The MEGATRON 1MW x 2MWh Battery ESS is an Air Cooled BESS with a String Architecture Designed for On-Grid, AC Coupled Applications.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

HJ-G1000-2200F 2MWh Energy Storage Container System is a highly efficient and comprehensive energy storage system. It adopts an integrated design and provides stable and flexible energy ...

Our battery storage system provides seamless integration with BMS and EMS, which offers comprehensive control, monitoring, and efficient operation of the ...

HighJoule's scalable, high-efficiency 2MWh energy storage system provides reliable, cost-effective solutions for commercial, industrial, and utility-scale applications.

2MWh Battery Cabinet for Network Server Room

Our expert engineering team, with experience from top companies like Huawei and BYD, holds key patents in BMS/EMS, inverters, and battery technology, ...
