-----

Delivers up to 495W with module efficiency reaching 24.8%, maximising power generation per square metre. Advanced cell structure for superior efficiency, reduced degradation, and minimal light ...

Built with advanced monocrystalline technology, this panel ensures high efficiency even in low-light conditions, delivering reliable performance year-round. With a 30-year warranty, Longi guarantees ...

Take advantage of cutting-edge solar technology with the Q.PEAK DUO XL-G10.3 475W Solar Panel. This 1500 V UL/IEC module utilizes Q.ANTUM DUO-Z ...

The AIKO A475-MCE54MB is a 475W N-Type ABC Infinite Solar Panel from the third generation of Neostar 3S54 Mono-Glass Modules. The solar panel has a ...

- High-performance 475W N-Type TOPCon solar panel with advanced bifacial technology and dual-glass durability. Engineered for maximum energy yield, ...

Lower O& M cost High temperature restriction and micro-crack resistance, front grid free, ensuring roof safety, reducing module failure rate.

New for summer 2025, the third generation of AIKO modules boast even higher efficiency with a larger generating area, and 15-20kW power rating increase ...

Chinese solar module maker JinkoSolar has launched a new dual-glass rooftop solar module based on tunnel oxide passivated contact (TOPCon) ...

JA Solar Technology Co., Ltd. No. 8 Building, Nuode Center, No.1 Courtyard, East Auto Museum Road, Fengtai District, Beijing

Explore 475W solar panel built for durability, high reliability, proven performance, and long-term efficiency.

## 475W solar panels

Engineered for extended lifespan and long-term savings.
