-----

The SBS rack/cabinet mounted lithium energy storage battery uses high cycle lithium iron phosphate cells, high-performance BMS protection and battery ...

Our military-grade, industrial-grade, and civilian-grade lithium battery modules have the characteristics of high capacity, long life, safety, stability, and environmental protection, providing customers with ...

Designed to withstand the elements while delivering reliable power, this cutting-edge outdoor cabinet is the perfect solution for storing your battery system, ...

The ESM-48150A1 is an energy storage module based on innovative Li-ion ...

The NEMA type outdoor lithium battery enclosure can effectively control the inner ideal temperature of the cabinet and make the battery run in an ideal ...

This 48V 100Ah heated rack-mount solar battery utilizes LiFePO4 technology, providing a reliable 5.12kWh capacity for efficient solar energy storage. Its heating function solves common problems like ...

48V battery energy storage system is a power backup solution designed to store energy at a 48V voltage level. It is commonly used in telecom, renewable ...

With build-in WiFi and Bluetooth, you can easily monitor the battery's condition and performance via your smartphone app. RS485 and CAN ...

LiTime 48V off-grid solar kits deliver 3.5kW, 5kW, or 10kW power with LiFePO4 battery and all-in-one inverter--perfect for cabins, sheds, ...
