---

With support for 200% PV oversizing and a maximum 40A DC input current, the Hybrid ESS Cabinet ensures high throughput for large-scale solar integration. ...

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

High integration: The integrated cabinet can simultaneously integrate multiple devices such as battery system, battery management system (BMS), energy management system (EMS), Hybrid Inverter, to ...

Introducing our 50kW / 100kWh high-voltage outdoor energy storage solution designed for commercial and industrial (C& I) applications.

All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

By combining cutting-edge technology, strict quality control, and global service support, we ensure that every outdoor cabinet we provide--such as the 50kW-100kWh system--meets the highest standards ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

Housed in a single indoor cabinet, it combines a high-performance 50kW power conversion system with 100kWh of advanced LiFePO4 storage, ensuring safe, ...

This isn't just a battery; it's a fully integrated power fortress, combining a massive 120kWh LiFePO4 battery bank, a powerful 50kW inverter, and a sophisticated thermal management system within a ...

## 50kW Photovoltaic Battery Cabinet for Mountainous Areas

Make up by 50kW, 125kW and 215kW energy storage power modules, support on grid mode, air-cooled battery or liquid-cooled battery optional. This series is specially designed to achieve peak shaving ...
