Hosted by the Thailand Energy Storage Technology Association (TESTA) in collaboration with five other leading battery and EV organizations in ASEAN, at SAI Laguna Phuket between 27th ...

There is an increasing trend toward localizing battery value chain, reducing the dependency of battery imports driven by subsidies (e.g., US IRA, Indian PLI scheme) and securing privileged access to raw ...

Of the 11 ASEAN members, Singapore is taking the lead in the battery energy storage systems (BESS) space. Earlier this ...

This event will unite over 30,000 visitors from 60+ countries and 1,400+ major brands. Together, we'll spotlight renewable energy programs, Thailand's ambitious journey to Net Zero, and the ...

For years, Southeast Asia's clean energy transition has been advancing with one critical piece missing: a viable commercial framework for battery energy storage systems (BESS).

Discover how 6-string lithium battery systems are transforming energy storage across Southeast Asia. From solar integration to industrial applications, this guide explores technical innovations and market ...

Under the agreement, the parties will focus on implementing strategic areas of cooperation in green energy, including energy management and sustainable energy storage solutions.

This paper explores the role of BESS in the ASEAN energy landscape, examining current trends, benefits, challenges, and the pathway towards optimising its potential across the region.

Xianheng International Co., Ltd. is set to showcase at AWE 2026 - ASEAN Wind Energy Expo, the dedi...

With solar adoption rates soaring in ASEAN nations like Thailand, Vietnam, and Indonesia, these advanced energy storage systems are solving critical challenges such as grid instability and ...
