Afghan Khaiber is the authorized distributor of Indian companies which produce Solar Panels, Inverters, Charge Controller, DC Fan, LED Lights, DC Water Pump, Water Heater, Blenders etc.

Sunpal installed a 500kW solar PV and 461kWh high-voltage lithium battery energy storage system in Afghanistan, ensuring reliable and sustainable power supply.

Designed for mobility and fast deployment, our foldable solar power containers combine solar modules, storage, and inverters into a single transportable unit. Ideal for emergency scenarios, rural ...

This article explores the role of local battery manufacturers in supporting solar and wind projects, improving grid resilience, and meeting industrial and household energy demands. Discover how ...

Our certified energy specialists provide round-the-clock monitoring and support for all installed home energy storage systems. From the initial consultation to ongoing maintenance, we ensure that your ...

We offer energy storage solutions as lead acid- or nickel-cadmium industrial battery systems in the four main application areas of emission-free drives (trak), ...

One of the largest off-grid solar systems in the world, producing 1 MW of power, this vast PV array coupled with advanced lead battery energy storage, is located in ...

Choosing the right solar battery is crucial for the success of your solar energy system. Whether you need a battery for home backup, commercial use, or large-scale solar projects, ARM ...

GEP has become the biggest battery manufacturer in Afghanistan, with the level of quality, capacity, and trustworthy service that it has achieved. GEP has become ...
