Here, we explore the best cities for solar panel installation and the average annual savings homeowners can expect. The best states to install solar ...

California Nevada Utah Arizona Hawaii Colorado New Mexico Rhode Island Massachusetts Texas Hawaii ranks fifth for solar energy because it is the most affordable state for going solar, with the average solar installation taking up 12.40% of the median household income. This affordability may be why Hawaii comes in second for the most solar installations. Over 133 MW of solar equipment is installed per 100,000 residents. Hawaii also ranks ...
