-----

High efficiency and performance 80W photovoltaic solar panel. Specially designed for efficient, stable and consistent charging of 12, 24 and 48V batteries in stand ...

The module is built to last and features a 25-year limited power output warranty. To ensure long life, the high-efficiency solar cells are encapsulated between a ...

Our range of solar panels are constructed from ultra-efficient polycrystalline and have been designed to provide a reliable and cost-effective alternative energy solution for applications where mains power is ...

Sharp's NE-80EJE photovoltaic modules offer industry-leading performance, durability, and reliability for a variety of electrical power requirements using breakthrough technology perfected by Sharp's ...

Newpowa's 80W 12V Monocrystalline High-efficiency Solar Panel is ideal for bringing power to small electronics while away from the grid. It is commonly ...

Technical parameter Maximum Power(W) 80W Optimum Power Voltage(Vmp) 15.90V Optimum Operating Current(Imp) 5.03A Open Circuit Voltage(Voc) 18.58V Short Circuit Current(Isc) 5.59A ...

A high-efficiency B2B solution for commercial solar projects. This 80W 12V monocrystalline solar panel is engineered for durable, industrial-grade ...

The goal here is to get to the average solar panel size by wattage. You can find typical dimensions of 100W, 150W, 170W, 200W, 200W, 220W, 300W, 350W, ...

Each panel is tested at time of manufacture to conform to CE standards, so you can be sure that the panel output is exactly as described in its specification. 740 x ...
