Rakworx is a manufacturer of data center infrastructure. Integrated server cabinets, Power Distribution Units, All-In-One Cabinets and Modular Data Centers.

Arrange battery cells into modules, connecting them in series or parallel to achieve the desired voltage and capacity. Integrate temperature sensors and wiring for BMS connectivity.

This Energy Storage Hybrid PCS Cabinet: A versatile solution for industrial and commercial energy storage. Seamlessly integrates grid-connected and off-grid ...

Helping to minimize energy costs, it delivers standard conformity, scalable configuration, and peace of mind in a fully self-contained solution. The battery ...

The cabinets are designed to meet challenging requirements for indoor telecom and Industrial applications, with special focus on cable management and multi ...

We offer sustainable and economical battery storage systems (BESS - Battery Energy Storage Systems). We can either supply complete ...

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical ...

Telecommunications Battery-backed AC and DC power supplies for mobile and fixed network operators - mobile infrastructure, It/telecom systems, transmission systems, data centres, etc.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid ...
