The High-Class 3000W Single-phase Home Inverter: with AI arc detection, ultra-quiet operation, and IP66 dust/water protection. Ideal for small residential ...

The modular design of Huijue's home energy storage inverter makes it easy to operate and lightweight. This simplifies installation and maintenance, reducing transportation and labor costs.

HI30N/3KW and HI50N/5KW are pure sine wave photovoltaic off-grid home integrated inverters designed with the latest advanced full-digital controlled ...

The Huijue Group 3000W Hybrid Solar Inverter is a great response for modern home energy storage. This powerful inverter works harmoniously with both ...

We offer a wide selection of 3000 watt power inverters, all of which are perfect for powering your home appliances.

Huijue's Single-phase Hybrid Inverter 3-6kW is a cutting-edge solution that seamlessly integrates solar photovoltaic technology with energy storage capabilities, tailored for residential rooftop solar systems.

Get to know the basics of selecting and utilizing a 3000 watt inverter, for your household or off grid requirements by referring to our expert guide.

The Huijue home energy storage and inverter all-in-one system integrates a photovoltaic inverter, energy storage lithium batteries, and an energy management system into one. This all-in ...

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative base station ...

Huijue brand inverter 60V with a full power of 3000 watts

The new Huijue HX-3000 model uses LiFePO4 batteries with thermal runaway protection. Unlike traditional lithium-ion, these cells can handle 4,000+ charge cycles - that's over a decade of daily use.
