Explore a wide range of solar energy projects and learn how to leverage the power of the sun for a sustainable future.

Search all the latest and upcoming solar photovoltaic (PV) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in India with our comprehensive online database.

OverviewInstallations by regionHistorySolar potentialInstallations by applicationConcentrated solar powerHybrid solar plantsSolar heatingThe installed photovoltaic capacity in Andhra Pradesh was 4257 MW as of 30 September 2022. The state is planning to add 10,050 MW solar power capacity to provide power supply to the farming sector during the day time. The state has also offered five Ultra Mega Solar Power Projects with a total capacity of 12,200 MW to developers under renewable power export policy outside the state. Andhra Pradesh ...

India has surpassed its 2030 renewable energy targets five years early through massive infrastructure scaling. The nation is transitioning from simple technology adoption to a fully integrated ...

This table shows the current status of 55 solar parks and Ultra Mega Renewable Energy Power Projects (UMREPPs) across 15 states in India. It ...

India's fast-growing population and economy necessitate access to clean, affordable, and reliable energy. Situated in a high solar insolation zone, India receives over 300 days of ...

India has achieved 5th rank in the world in solar power deployment. As on 30-06-2023, solar projects of capacity of 70.10 GW have been commissioned in the country.

NLC India Limited (NLCIL) is a pioneer in renewable energy with a total installed capacity of 1,781.26 MW, comprising Ground Mounted Solar, Roof Top Solar, Floating Solar Power Plants, and Wind ...

India Solar Power Project

In July 2025, India's solar power capacity had increased by 4,000%, and the country's total renewable energy capacity reached 227 GW. Palli village ...

Today, we spotlight India's top five solar power plants in 2025, ranked by capacity, highlighting why each holds the title of the largest solar power plant ...
