Our comprehensive solar energy systems deliver reliable, efficient power for residential, commercial, and industrial applications. From inverters and energy storage to complete commercial solutions, we ...

With a proven track record and a commitment to end-to-end energy solutions, SPEG supports the entire energy lifecycle, including solar photovoltaic and storage services.

We provide advanced and reliable energy storage solutions for residential, commercial, and industrial applications. Our systems integrate state-of-the-art battery technologies with intelligent energy ...

Through cutting-edge fiber optic networks, modular data centers, and sustainable energy technologies, we engineer scalable, resilient systems for a smarter world.

With over 40 years of engineering excellence, our Solar & Renewable Energy Division is at the forefront of designing and implementing clean, reliable, and cost-effective energy solutions across Kenya.

Turnkey EPC contractor for commercial & industrial solar PV and battery energy storage (BESS) in Kenya and East Africa. Engineering, procurement, construction, commissioning and O& M.

Complete rooftop and ground-mounted solar installations for residential, commercial, and industrial applications across Kenya and East Africa. Advanced ...

Highlights: Grid-scale Integrated EMS for Large-scale Solar-Plus-Storage Power Plants. All figures and information on this website are for reference only. Please refer to the official Prospectus and filings ...

This project is more than just an installation; it's a showcase of how advanced solar power storage can support energy resilience, reduce operational costs, and ...
