The 450W power output and high efficiency (up to around 20.9%) make it ideal for systems with space constraints. Low light performance for energy generation, half-cut cell technology to reduce power ...

The 450W Longi photovoltaic panels represent a high-efficiency solar solution designed for residential, commercial, and utility-scale applications. These panels are engineered using advanced materials ...

The LonGi 450W Solar Panel (HR4-72HPH, 430-460 Watt) offers high performance, durability, and long-term energy generation for ground power plants and ...

Long solar panels 450W series are business-ready, half-cut mono modules that deliver strong energy yield in a compact, single-glass format. They come ...

LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products.

The LONGi LR7-54HGGBB-450M is a 450W bifacial solar module featuring 108 half-cut cells. Its advanced bifacial technology captures energy from both sides of ...

With an improved bifacial ratio and superior power temperature coefficient the Longi 450W Bifacial Solar Panel outperforms other modules in the market, achieving a ...

Please see related items below for similar or newer versions.

The panel has a nominal power output range of 435 to 450 watts, making it ideal for both residential and commercial solar projects. One of the main advantages of ...
