Price based on EUR10,200 grant for new PV & battery storage. This may vary.

Malta's sunny climate makes it a perfect candidate for photovoltaic solar energy, but the real game-changer lies in combining solar panels with advanced energy storage systems.

Our solar Container is a sustainable mobile and off-grid power generator and power storage using a factory pre-assembled mobile photovoltaic system and ...

Explore Solar Solutions! Our trained personnel will visit your premises free of charge to determine what system is perfect for you. The system will be designed, and a shading analysis will be carried out to ...

We are passionate about providing sustainable energy solutions that help our customers reduce their environmental impact while improving energy efficiency.

Specialising in Photovoltaic Panels for residential and commercial installations, solar water heaters, inverters and storage systems to help manage your energy ...

We at Unit Energy Ltd specialize in the installation and importation of renewable energy equipment since 2010. Unit Energy Ltd has established itself as one of the leading solar panels installers on the island.

Take full control of your energy with our off-grid solar systems, designed for properties where grid connection is limited or unreliable. These solutions ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems.
