Fortis Energy is reinforcing its presence in Southeast Europe's renewable energy market with the development of the 110 MWp Erdevik Solar Power Plant, featuring an integrated 31.2 MWh ...

Turkey-based developer and IPP Fortis Energy has acquired a solar and battery energy storage system (BESS) project in Serbia. The company ...

Investments in battery energy storage systems (BESS) is ramping up around the world and Serbia is now making its first steps.

The project, located in Sremska Mitrovica, Serbia, is set to become one of the largest solar-plus-storage projects in south-east Europe, with a total solar PV capacity of ...

The Serbian Government has approved the development of a spatial plan for constructing large-capacity self-balancing solar power plants paired with battery energy storage ...

An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

The Serbian Government has approved the development of a spatial plan for constructing large-capacity self-balancing solar power plants paired with battery energy storage ...

This landmark project is expected to become the largest solar PV facility in Serbia and one of the largest in the Western Balkans.

As global demand for energy storage lithium battery chassis surges, Serbia has emerged as a competitive player in manufacturing high-performance battery systems.

Serbia has BESS solar container outdoor power

As Battery Energy Storage Systems (BESS) become foundational to Europe's decarbonized energy future, more companies are looking to Serbia as a high-potential partner for engineering and design ...
