I have major GAS and I'm starting a thread. So it goes. Here's what I know: The Starfire is a 30.75" scale but needs medium scale strings. No worries, I play LaBella LTFs and they come in ...

My sound primarily comes from a Reverend Watt or Squier Mustang into a BOSS BC-1x compressor and Tech 21 BDDiv2. My amp for the past 9 years has been a Markbass LMII into a GK ...

So, I am back to bass after around 30 years of on/off guitar in bands, was the lead in my current band. I switched because we have a hard time keeping bassists and my hands have passed ...

Long story short I was offered one - exceptionally well-preserved judging by the pictures - in a trade for an item (not bass-related) that is not a hot seller and which I'd like to see gone to free ...

I have been a Die Hard DR Hi-Beams player for many years and love these strings, but am interested in trying new options and wonder what you all recommend? In particular, I am having ...
