Combine your Alpha Enclosure with Alpha power and you have an optionally integrated, reliable and efficient power plant.

CONSNANT, a specialist in customized outdoor UPS power solutions, offers 1-40 kVA outdoor integrated UPS cabinet solutions designed specifically for telecommunications applications, ...

Each outdoor photovoltaic telecom energy cabinet is built for harsh outdoor telecom and edge usage, characterized by durability, flexibility, and intelligent control to provide unshakeable power supply.

Weatherproof outdoor inverter cabinet for telecom applications. Supports solar input and backup power for stable operation in off-grid or hybrid systems.

This thoughtfully designed and reliable UPS is built to face the challenges of loads installed in harsh outdoor environments, equipped with wide-temperature, pure lead, gel batteries and housed in a ...

Protection against all power failures, voltage regulation, power factor correction and harmonics is guaranteed.

Solar Module solutions for shared telecom cabinets enable reliable power sharing and optimized supply, supporting multi-operator loads and future network growth.

In addition to our enclosures and shelters, we offer a range of UPS systems to safeguard critical operations against power interruptions and fluctuations. Our ...

Discover our wide range of UPS systems, designed to cover the needs of your critical facility and ensure secure, uninterrupted power. See the products!

Uninterruptible power supply for solar telecom integrated cabinet installed on the roof

Solar Module systems combined with advanced energy storage provide reliable, uninterrupted power for off-grid telecom cabinets. Continuous power availability ensures network ...
